

June Events at SOSNA!

 Thu, Jun 19, 2025 at 11:18 AM
To: Zoning Chair <zoning@sosnaphilly.org>, South of South Neighborhood Association <hello@sosnaphilly.org>

Thank you for sending out the corrected link for Monday.

However, your information about the voting date for the project is not correct.

The vote is not happening at the Zoning meeting (July 16th), it's happening on July 23rd. I don't even think the location or time has been announced yet by Zoning, just the date.

Can we please run all future newsletter communications about this project by the Zoning committee before they're sent?

I am beyond frustrated by the bad communication regarding this project to the community. It's doing us all a grave disservice.

See image below.

TO ACCESS SITE PLANS:

Reminder: A special zoning meeting for 1601 Washington Ave will take place this Monday, June 23rd via Zoom at 6pm. Come listen to the developer present their plans for the site. This is an **informational meeting only, no vote** will be taken. The voting meeting will take place at our July Zoning Meeting.

Please scan the top QR code above OR use the link below to register and attend the meeting. **Note:** this is an updated link.

Also, you can register at the time of

the meeting, you do not need to
register in advance.

Hi Vicky,

Thanks, I know that my link is correct. What I'm trying to say is that the link that was sent out from hello@SOSNA in the monthly newsletter on June 13th was incorrect.

You can find this link in the original email from this thread.

Here is the text copied:

SOSNA is hosting a 2nd meeting about this project where the developer for 1601 Washington Ave will present their plans for this large parcel on June 23rd at 6pm via Zoom. This is an informational meeting only, no vote will be taken. The voting meeting will take place at our July Zoning Meeting.
Link to register and attend: <https://tinyurl.com/5hc5uwr6>

If you click that tinyurl link above, it takes you to the May 7th meeting registration.

I'm asking for someone from the coordinating RCO to *please* send out the corrected link to the neighborhood for the right registration page.

If anyone has any questions or confusion about this, please call my cell at [REDACTED]

My frustration is that the original mailing by the developer had the wrong date on their letter for the first informational meeting (held on May 7th). Then the mailing for the second informational meeting from the developer has the wrong link to register. Then the 3rd mailing from the developer had the correct information.

Now the newsletter from SOSNA on June 13th had an incorrect link to an old meeting about the project.

As the coordinating RCO, I'm asking that a corrected communication be sent out. Or can someone at least tell me that you plan to and that it's going to happen? The meeting is in 6 days.

Hi [REDACTED]

You have the correct link for the June 23rd meeting - <https://us02web.zoom.us/j/83f03c5128>

That link can also be found on the SOSNA website calendar here: <https://www.sosnaphilly.org/calendar>

Attached is the meeting flyer with the correct link as well. I have reached out to Nick regarding registrations using the May 7 link.

Let me know if you have any other questions.

Thanks

Vicky

Hi Morgan,

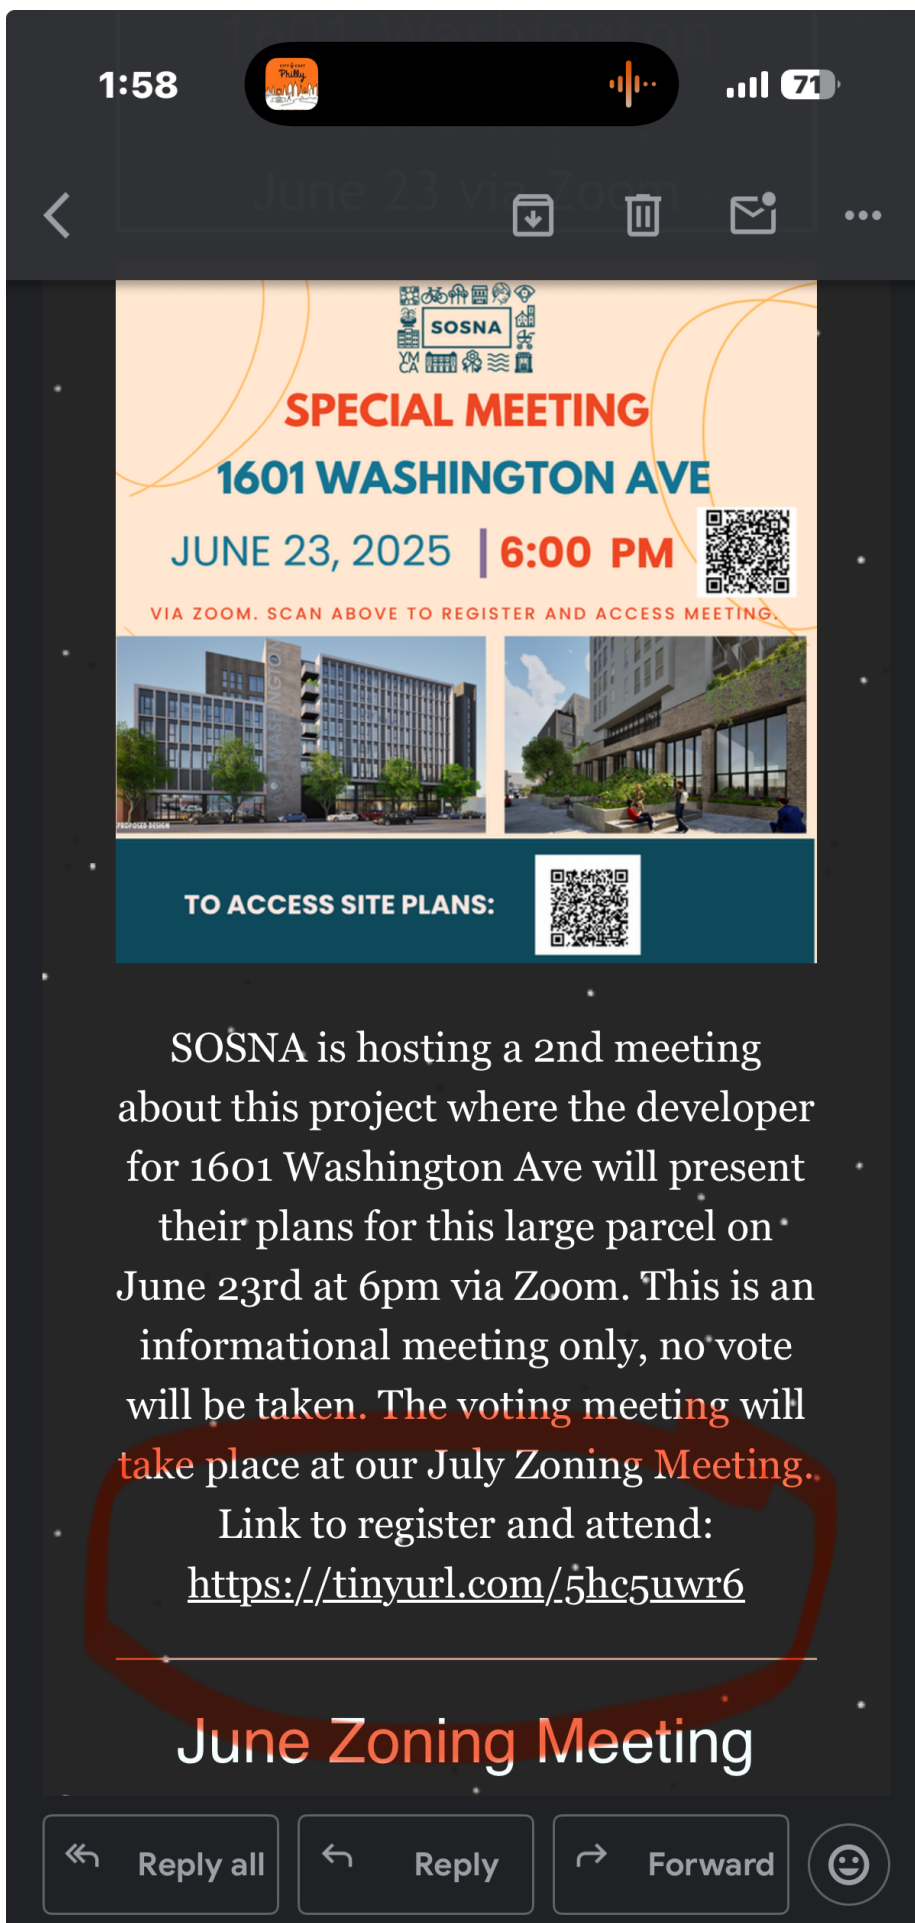

Can someone please send out the corrected registration link to the June 23rd meeting: <https://us02web.zoom.us/j/83f03c5128>

Can someone from SOSNA with access (Nick?) also please check the latest registrations on Zoom.com for the May 7th meeting (that was linked in the newsletter by mistake) to contact anyone who has registered for the older May 7th meeting to let them know about the mistake? The May 7th zoom meeting is still accepting registrations. This may confuse people that are trying to attend the June 23rd meeting.

Hi Morgan,

Please reread my email. It's **not** the link to the folder on Drive that I am talking about.

It's the Tiny URL link to the Zoom registration that is the problem. It's taking you to register for the May 7th meeting on 1601, which has passed. People will click this link in the email and register for an event that has already passed.

Hi. You are correct, it linked to the wrong folder. However the QR code works. You can scan that to access the correct folder. The link in the flyer sent for the near neighbors has the correct link. Also, there is a link on our website that takes you to our zoning folder.

We will post/email again about this meeting and will ensure the link takes you to the appropriate folder.

Hi everyone,

An FYI - the TinyURL link you've got for the 1601 Washington Ave meeting is for the previous May 7th meeting about this project.

The amount of miscommunication about meeting dates/times/links regarding this project is beyond frustrating at this point.

Can you please send out a corrected URL to the neighborhood?
